PUMPTEC CONFERENCES 2010

Building off of the successful inaugural joint venture in 2009 between pump expert, Dr. Lev Nelik, and *Water & Wastes Digest (WWD)*, PumpTec is back in 2010 with two venues. PumpTec provides plant maintenance and engineering professionals working with pumps with “rapid-deployment” hands-on training exercises, specifically designed to reinforce pump theory, applications and pump repair, and maintenance techniques. PumpTec offers practical and pragmatic training for everyone from pump novices to old-timers.

AGENDA

Preliminary Schedule

Set-Up/Early Registration
(May 2 and Sept. 19, respectively)
6:00 p.m. – 9:00 p.m.

Conference Day 1

Opening Address
8:15 a.m. – 8:30 a.m.

Session 1: Centrifugal Pumps
8:30 a.m. – 11:30 a.m.

- End-Suction
- Double-Suction
- Verticals

Lunch and Tour
11:30 a.m. – 1:00 p.m.

Session 2: Bearings and Lubrications
1:00 p.m. – 3:00 p.m.

**Session 3: Alignment and Vibrations
Fundamentals**
3:00 p.m. – 6:00 p.m.

Reception
6:00 p.m. – 7:30 p.m.

Conference Day 2

Session 4: Positive Displacement Rotary Pumps
8:00 a.m. – 12:00 p.m.

Lunch and Keynote Session
12:00 p.m. – 1 p.m.

The John Martin Story – an Incredible Personal Story
Speaker: John Martin, Maintenance & Engineering
Training Coordinator, Equipment Reliability – Planning
and Scheduling Practices and Impact on Safety

Session 5: Mechanical Seals vs. Seal-Less Pumps
1:00 p.m. – 4:00 p.m.

PUMPTec CONFERENCES 2010

CONTINUING EDUCATION UNITS

Earn 1.6 continuing education units (CEU)* and gain new skills that can be applied at your facility and in your career.

PumpTec Sessions Offer:

- Hands-on demonstrations and training on a variety of pump types, styles and brands
- Assembly of pumps and pump troubleshooting methods
- Technology discussions with leading industry suppliers
- Equipment reliability improvement techniques to improve equipment life
- Efficiency improvements and energy savings methods

*One CEU is the equivalent to 10 clock hours of training or formal instruction.

WHO SHOULD ATTEND

Engineering, maintenance, operating and management professionals from: water and waste water municipalities, power plants, chemical plants, HVAC, pulp and paper mills, and general pump-related affiliations. Industries involved: power generation, water and wastewater, chemical and petrochemical plants, hydrocarbon processing, paper mills, marine and navy, and general industries.

COST TO ATTEND

Early-bird registration (on or before April 1—Chicago, Aug. 1—Atlanta): \$400

Attendee registration (after April 1—Chicago, Aug. 1—Atlanta): \$500

EXHIBITORS

(Includes participation in conference and six-foot display table)

Water & Wastes Digest Advertisers: \$800

Non-Advertisers: \$1,000
